**Forgetting
starts.**

3 follow-ups that help it stick

Why we forget

Memory fades fast, then slowly

Ebbinghaus, 1885: lab test, one person

Day 1

One question

Your message

**"What's the key idea,
in one line?"**

No reply needed

Day 7

One small **task**

Try it once in real work

Pick one idea

Try it at work

Note how it went

Day 30

What **changed**?

Ask for one result and a next step

Before

After
